

Employee Bio Questionnaire

Name:	Terry Sutherland
Title:	Project Manager
When did you join KLE?:	February 14, 2022
# of years in the industry:	38

TELL US ABOUT WORK

How did you get started in heavy construction?

My grandfather owned a construction company in Billings, Montana and I started working there when I was just a kid helping the mechanics in the shop.

What do you enjoy the most about your work, and what will the main focus/responsibilities of your role at KLE be?

I enjoy seeing projects from start to successful completion, and the interaction between the various trades and subcontractors. My main focus will be estimating and project management.

What do you like about being on the KLE team so far and/or why did you choose KLE?

Professional all the way around, from the field to the office.

TELL US ABOUT YOU

Where did you grow up?
Billings, Montana

What was your background prior to KLE? (I.E. brief overview of academic and/or professional background)

I started in this industry as a laborer and worked my way up throughout the years from laborer, pipelayer, equipment operator, superintendant to estimator/ project manager.

How do you like to spend time outside of work?

I like to hunt, fish, explore trails with our side by side, golf, pretty much anything outdoors.
